

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Humboldt County Office of Education
 CDS Code: 12101240000000
 Local Control and Accountability Plan (LCAP) Year: 2019-20
 LEA Contact Information: Felicia Doherty | fdoherty@hcoe.org | 7074457081

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2019-20 LCAP Year

Projected Revenue by Fund Source

Source	Funds	Percentage
All Other State Funds	\$7,335,907	19%
All Local Funds	\$17,382,654	45%
All Federal Funds	\$3,060,805	8%
Total LCFF Funds	\$11,024,065	28%

Breakdown of Total LCFF Funds

Source	Funds	Percentage
LCFF Supplemental & Concentration Grants	\$764,003	2%
All Other LCFF Funds	\$10,260,062	26%

These charts show the total general purpose revenue Humboldt County Office of Education expects to receive in the coming year from all sources.

The total revenue projected for Humboldt County Office of Education is \$38,803,431, of which \$11,024,065 is Local Control Funding Formula (LCFF), \$7,335,907 is other state funds, \$17,382,654 is local funds, and \$3,060,805 is federal funds. Of the \$11,024,065 in LCFF Funds, \$764,003 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures

Source	Funds
Total Budgeted General Fund Expenditures	\$38,096,965
Total Budgeted Expenditures in LCAP	\$3,889,235

This chart provides a quick summary of how much Humboldt County Office of Education plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.

Humboldt County Office of Education plans to spend \$38,096,965 for the 2019-20 school year. Of that amount, \$3,889,235 is tied to actions/services in the LCAP and \$34,207,730 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

- \$2,717,269 Operations
- \$2,334,148 District Support Services
- \$3,744,862 Regional Services
- \$2,116,518 Student Programs
- \$237,066 Community Partnerships & Ancillary Programs
- \$23,057,867 Restricted Programs

Increase or Improved Services for High Needs Students in 2019-20

In 2019-20, Humboldt County Office of Education is projecting it will receive \$764,003 based on the enrollment of foster youth, English learner, and low-income students. Humboldt County Office of Education must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP Humboldt County Office of Education plans to spend \$863,082 on actions to meet this requirement.

Update on Increased or Improved Services for High Needs Students in 2018-19

Current Year Expenditures: Increased or Improved Services for High Needs Students

Source

Funds

Total Budgeted Expenditures for High Needs Students in the LCAP	\$793,475
Estimated Actual Expenditures for High Needs Students in LCAP	\$935,806

This chart compares what Humboldt County Office of Education budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Humboldt County Office of Education estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-19, Humboldt County Office of Education's LCAP budgeted \$793,475 for planned actions to increase or improve services for high needs students. Humboldt County Office of Education estimates that it will actually spend \$935,806 for actions to increase or improve services for high needs students in 2018-19.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Humboldt County Office of Education (HCOE) Court/Community Schools serve over 150 students in grades 7-12 at five locations throughout Humboldt County.

Students come to the community schools via referrals from the Department of Probation, School Attendance Review Boards, and school districts. Students in community schools are temporarily in need of a supportive, alternative educational program in order to progress academically and socially. We operate three community school sites across Humboldt County and two court schools. Our student population consists of :

89% low-socioeconomic

27% Special Education students on IEP's

3% English Language Learners

50% of students have been enrolled for 1 or more academic quarters.

5% Foster Youth

38% Homeless Youth

CCS enrollment is constantly changing. New community school students are enrolled each week. New court school students enroll daily at times. Some students return to their DOR at the semester or the start of the school year. With a highly mobile population, cohort data is extremely limited and not valid. Therefore, many metric and expected outcomes at CCS cannot be compared to traditional school settings.

The indicators and metrics that are not applicable to our district are as follows:

- Academic Performance Index API because it has been suspended.

- Share of students that are enrolled in A-G requirements because HCOE CCS is not accredited and does not provide A-G courses.
- Share of EL's making ELD progress because students are returned to DOR to determine fluency level growth compared to their prior performance levels. CCS has an EL reclassification process which includes making adequate progress on the ELPAC test, passing coursework and the TABE scores.
- EL classification rate because reclassification will be based on DOR criteria.
- Share of students who take Advance Placements Exams because we do not offer AP classes
- Pupil expulsion rate - as we serve those that are expelled, yet do not expel.

Pupil Achievement- Statewide Assessments. We administer statewide assessments and strive for 95% participation rate; however, new students enroll weekly and typically are with us less than 90 days prior to testing. The students we serve are transient in nature which makes it hard to measure and have scores that are reflective of their skills.

Pupil Achievement College Preparedness - Early Assessment Program. All 11th grade students participate in EAP by completing the SBAC in Language Arts and Mathematics. These scores serve as an indicator of readiness for college level coursework. Our student population is transient in nature and have generally been with our school for a short time before they are assessed. This does not provide an accurate assessment. The majority of our students are behind academically and are not prepared for the SBAC when they are referred to our program.

Acronyms:

ERC: Educational Resource Center

ERC ISP: Educational Resource Center Independent Study Program

ERCS: Eel River Community School

HCOE CCS: Humboldt County Office of Education Court/Community School

ISP: Independent Study

JH: Juvenile Hall

RF: Regional Facility

SH: Southern Humboldt

HHF Humboldt Hydro Farms

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Parent Project (PP): An intensive, 11-week parenting program focused on the most destructive adolescent behaviors, including truancy, substance abuse, and home defiance. Programs were available in McKinleyville, Eureka, and Fortuna in the fall. Our community partners include Arcata Police Department, Northern Humboldt Union School District, Eureka High School District, Marshall Family Resource Center, Juvenile Probation, all 5 regional SARB boards, and private community members and businesses. We had approximately 65 registrants in the fall classes. We are running one additional PP in the Spring (current class, 25 registrants). This program is free to all families.

CCS is in year three of implementing a school-wide PBIS system. This year we continued our casing of students who require a second tier of intervention. This is a PBIS/MTSS driven intervention that brings key staff together to problem-solve around high-risk students. We improved the process by including

more staff members and adding consistent communication between the Tier Two team, teachers, and school staff. The outcome of these meetings range from increased home visits, additional service provision, overall awareness of issues, communication with off-campus service providers, and consistency in working with our student body. PBIS meetings and procedures continue to be developed and utilized. The most vibrant application of PBIS/MTSS practices is taking place in the Court Schools in coordination with the facilities. A road-trip to Placer County Alt Ed is coming up in May so that our local PBIS team can see a model program in practice.

CCS continues to hold bi-monthly PLC's covering trauma-related topics: trauma impact on learning, adolescent suicide, behavioral plans (creating and implementing), Alcohol and Other Drug use in teens today, and CSEC for staff.

CCS continues to strengthen its CTE programs and courses. The HHF program continued to serve CCS students and provide them with meaningful hands-on opportunities and work experience. The program serves 20 students weekly and 14 students have participated in work experience. CCS students also had access to the Trades Academy, a HCOE CTE program. The program supports students with opportunities to explore career options available in local trades industries. CCS also added a new CTE course: Introductions To Healthcare Occupations. This course is offered in both the court and community school programs. The course provides weekly labs where students explore jobs and post-secondary options in the healthcare field. Guest speakers and field trips engaged the students and provided meaningful opportunities for the students.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

The CCS graduation rate has continued to increase. CCS had an overall 74% graduation rate. CCS has an overall socioeconomic disadvantaged rate of 84.8%. CCS plans to maintain and strive for a higher graduation rate. There are additional support services for foster youth and McKinney-Vento youth in the form of case management services. Teachers will continue to regularly meet with families to discuss academic goals and address barriers to ensure on time graduation is met. Additional IEP meetings will be held to support IEP students and their IEP goals related to graduation.

CCS will continue to update the senior portfolio to ensure requirements are meeting the needs for post-secondary and career options. CCS will continue to offer summer school as an option to support on-time graduation.

Foster youth students enrolled in CCS receive direct case management to ensure they are connected to resources and are making academic progress towards graduation. CCS has 145 identified homeless youth, throughout the 18-19 year. A liaison works with students to eliminate barriers and support on-time graduation.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for

which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

HCOE CCS reviews the performance indicators by utilizing the Dashboard. All local performance indicators were met. Areas of concern are Suspension Rates, Chronic Absenteeism, and College and Career Readiness. After taking a deeper look into the chronic absenteeism it appears that CCS data is also grouped with Glen Paul School data. Glen Paul School is an HCOE-run program separate from CCS. Glen Paul serves students with moderate to severe needs, and some that are medically fragile. This contributes to the chronic absenteeism rate. CCS is a program that serves 7th-12th grade students. Chronic Absenteeism is measured for K-8th grade programs. The data on the Dashboard is not representative of the CCS chronic absenteeism. CCS continues to reduce truancy with our students. We continue to utilize local SARB truancy court, truancy outreach, home visits, attendance incentives, and SST's to identify attendance barriers and work with families to support student needs.

CCS is in the red performance category for suspensions. The Juvenile Hall Court School and Eel River Community School have been identified in the red performance category. CCS continues to utilize alternatives to suspension and restorative practices to decrease suspensions. HCOE CCS is utilizing supports through Differentiated Assistance (DA) and Comprehensive Support and Improvement (CSI). We are in the process of plan development and implementation. CCS is conducting a needs assessment and root cause analysis regarding suspension rates. CCS staff have participated in three root-cause analysis meetings at various locations to gather a more broad perspective. Correctional staff attended the court school meeting. After the data from the analysis meetings is compiled, an action plan will be put into place. Identification and development of evidence-based interventions, strategies and activities will be planned to support a reduction in suspension rates. CCS plans to use data to develop, implement, monitor, and evaluate suspension improvement efforts. We are in the early stages of planning and developing steps to address the need for improvement.

CCS is also in the red performance category for College and Career Indicators (CCI). CCS offers high-quality programs that support college and career readiness; however, meeting the "Prepared" level for CCI

proves to be challenging for CCS students. HCOE CCS serves a highly mobile population and is a DASS school. New students are continuously enrolled each week and students return to their DOR throughout the year. A CTE pathway must be completed with 300 hours and completion of a capstone course. Many of our students are highly mobile and return to their DOR. This makes completion of a CTE pathway unattainable to the majority of our students. CCS has implemented a CTE approved course: Introductions to Health Careers. This course is offered to all CCS students to ensure more access to CTE courses. HCOE CCS continues to look into certifying the Humboldt Hydro Farms (HHF) as a CTE approved course. HHF offers a high quality job readiness program, but lacks the CTE approval due to issues with certifying the instructor as a CTE instructor. HCOE CCS is hopeful that CCI indicators for DASS schools will be restructured in the future. DASS schools cannot meet the indicators as they are measured, by the nature of the population of students served.

Referring to the California School Dashboard, identify any state indicator for which performance for any

student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Through the LCFF Evaluation Rubrics CCS has several student groups identified as needing more support. All student groups have low performance levels in: College and Career Indicators and suspension rates. Chronic absenteeism is identified as a red indicator; however this is not accurate. HCOE CCS Dashboard has data that includes Glen Paul. Through a cycle of inquiry it was discovered that the data represents Glen Paul students. Chronic Absenteeism is a K-8th grade indicator. CCS serves 7th-12th grade students and only has a small 7th and 8th grade population, of less than 15.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Schools identified for CSI are Eel River Community School and Juvenile Hall Court School.

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

CCS is in the beginning stages of developing CSI plans. A school-level needs assessment has been conducted at three separate sites. We are in the process of plan development and implementation. CCS is conducting a needs assessment and root cause analysis regarding suspension rates. CCS staff have participated in three root-cause analysis meetings at various locations to gather a more broad perspective. This is to ensure that a school-level plan is created. Correctional staff attended the court school meeting to gather a broad perspective of causes and solutions. The court schools root-cause analysis meetings were comprised of teaching staff, correctional officers and facility managers. Two staff members who recently retired from court schools were in attendance to offer a comprehensive perspective. The Community School were comprised of teachers, support staff, administrators and SPED staff. A root cause analysis was also completed with CCS students at both sites. After the data from the analysis meetings is compiled an action plan will be put into place. Identification and development of evidence-based interventions, strategies, and activities will be planned to support a reduction in suspension rates.

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to

support student and school improvement.

CCS plans to use data to develop, implement, monitor, and evaluate suspension improvement efforts. We are in the early stages of planning and developing steps to address the need for improvement. Suspension rates and SWISS data will be reviewed quarterly to monitor effectiveness.

Annual Update

LCAP Year Reviewed:

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

All HCOE CCS students will be engaged in 21st century learning in order to prepare for college and careers.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 5, 6, 7, 8

Local Priorities: N/A

Annual Measurable Outcomes

Expected

TABE ELA Post scores 82% students will improve score,
TABE MATH scores 85% students will improve score.

Actual

TABE Math 86.43% improved score
TABE ELA 89.44% improved score

Expected

100% of 12th graders will complete a Kuder Navigator portfolio

100% of students had access to standards-aligned instructional material.

60% of students earned 15 or more credits.

100% of teachers are appropriately assigned

11% increase in family participation and survey completion

100% of students will have access to a broad course of study through standards based curriculum and APEX online learning coursework

100% of students will have access to a broad course of study through standards based curriculum and APEX online learning coursework.

Actual

100% of 12th graders completed a Senior Portfolio using the online platform of California Career Zone. HCOE CCS switched to the California Career Zone, which is free and has the same capabilities of The Kuder Navigator.

100% of students have access to standards-aligned instructional material.

64% of students earned 15 or more credits towards graduation requirements.

100% of teachers were appropriately assigned

14% increase in family participation and survey completion

100% of students had access to a broad course of study through standards based curriculum and APEX online learning coursework.

100% of students had access to a broad course of study through standards based curriculum and APEX online learning coursework

Number of unduplicated students that participated in Work Experience: 14

Expected

CCSS will be provided to all students at all sites

75% of eligible graduates will graduate

Actual

CCSS was provided to all students at all sites.

74% of eligible 12th graders graduated with a diploma.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
---------------------------------	--------------------------------	------------------------------	--------------------------------------

Character Based Literacy licenses will be purchased for usage at all CCS sites to compliment a broad course of study offered to all students by highly qualified teachers. Instructional Aides provide support students to compliment a broad course of study.

- A. CBL licenses
- B. Highly qualified teaches
- C. Instructional aides

1) Character Based Literacy (CBL) was used in all programs. This year we added a social/emotional learning curriculum Reading with Relevance (RWR). This curriculum was designed with Court/Community School needs as a focus. This curriculum is used in conjunction with CBL. Reading with Relevance curriculum was purchased instead of CBL licenses. CBL curriculum and RWR was utilized in all CCS sites to compliment a broad course of study offered to all students by highly qualified teachers. Instructional aides provide support for students to compliment a broad course of study. Staff participated in a CCS PLC to share strategies. Teachers received professional development in RWR curriculum.

Action 2

Planned Actions/Services

APEX online curriculum for 20 licenses and training for staff.

Actual Actions/Services

CCS purchased 20 licenses for APEX online curriculum. APEX is offered at all sites including Court Schools. APEX offers a broad course of study and provides high quality elective courses for students. APEX is being utilized for our new CTE course: Introduction to Health Occupations. This has been added as an action item this year.

Action 5

Planned Actions/Services

CCS will add .50 FTE for SPED services. More SPED students are being referred to CCS and are enrolled in the court schools, which have created a need for more SPED support. Resource teachers will provide services to identified students with disabilities on IEP's. Teachers will: convene transition IEP's, referrals to TPP, request court school IEP's in a timely manner, work on student's IEP goals in both a co-teaching model and individual SAI time provided. Teachers will request all appropriate student information such as IEP's, credit checks, attendance records.

Actual Actions/Services

Resource teachers provided services to identified students with disabilities on IEP's. RST's provided transition IEP's referrals to TPP, requested court school IEPs in a timely manner, work on student's IEP goals in both a co-teaching model and individual SAI time provided. The RST's, CCS School Psychologist, and the CCS Principal met monthly to review caseloads and address any needs.

Estimated Actual Expenditures

A. see above goal 1 action 1
B. see above goal 1 action 16
C.see above goal 1 action 1

Planned Actions/Services

HCOE offers ELD professional development workshops for all teachers. CCS teachers receive PD at the PLC regarding ELA and writing strategies to support ELL learners. Additional strategies are needed to support and increase the academic skills of ELL students. English Language Development course outlines will be utilized in all CCS programs to ensure ELD skills are being addressed.

B-The Foster Youth Coordinator will provide opportunities to include field trips to local colleges, and vocational tech opportunities locally and regionally and provide case management services. Foster youth typically have limited experiences and access with post-secondary education opportunities. This service is provided to improve the access for foster youth and low income students.

C-CCS will develop procedures and timelines for providing regular

Actual Actions/Services

need in the general education curriculum. English Language Development course outlines are utilized in all CCS programs to ensure ELD skills are being addressed. Teachers received professional development around ELL strategies to utilize in instruction.

B. The Foster Youth (FY) Coordinator and McKinney-Vento (MV) Coordinator provided opportunities for field trips to local colleges, and vocational tech opportunities locally. EOPS representatives from College of the Redwoods provided outreach as guest speakers and presented to CCS programs. The FY and MV Coordinator also provided case management services to all identified CCS youth.

C. CCS is continuing to develop procedures for providing information for Native American Youth regarding cultural events and activities. A relationship has

Budgeted Expenditures**Estimated Actual Expenditures**

Estimated Actual Expenditures

Action 7

Planned Actions/Services

Staff will continue to receive training from CCS Program manager on the impact of trauma and toxic stress on students and how it impacts their educational progress.

Actual Actions/Services

Staff participated in monthly PLC meetings and trainings on the impact of trauma on students and their educational progress. Trainings on strategies and best practices were provided at the PLCs to support our MTSS efforts. CCS worked with the MTSS Coordinator to complete the TFI, with all staff for PBIS implementation. The results from the TFI were reviewed to focus on areas needing to be strengthened.

Action 8

Planned Actions/Services

A. Student Assistance Counselor monitors attendance and truancy issues for students with chronic absenteeism.

B- Chronically truant students will be provided bus tickets and Incentives to attend. Our students typically have chronic truancy issues and are referred via the SARB board. Data shows us that low income students referred have transportation barriers which effect their attendance. CCS is not required to provide transportation to students; however, given the barriers and truancy issues it is provided for additional assistance to our low income students and unduplicated youth.

C. CCS Registrar monitors all incoming student records and transfers. Any unduplicated youth are identified during this process and school staff is made aware of any needed information.

Actual Actions/Services

A- The Student Assistance Counselor (SAC) monitored attendance and truancy issues for students that were identified as chronically truant. The teachers work with SAC and the administrator to develop a plan to support attendance and address transportation issues.
B- Students were provided bus tickets for transportation to school. Incentives for attendance are provided for all students. All low-income and unduplicated youth were offered bus tickets to support transportation.

C- CCS Registrar monitored all incoming students records and transfers for referred students. At the time of referral, unduplicated youth are identified and connected with needed programs and services.

Estimated Actual Expenditures

Planned Actions/Services

Family Nights will be held 3-4 times annually at regional sites to serve Eureka, Fortuna and Southern Humboldt where food will be offered in effort to gain parent input, student input and provide more opportunities for parental decision making in LCAP and SSC processes. Typically parents of unduplicated students are not participating in family engagement activities. Our students have been disenfranchised from their school and typically come with a distrust for education. The Family Nights are designed to engage these families. Calls are made home to personally invite all unduplicated youth and their families to attend. This provides more opportunities for families to provide genuine feedback in a low stakes environment. Family nights provide a time for families of unduplicated youth to become engaged in their school experience.

Actual Actions/Services

Family nights were held 4 times throughout the 18-19 school year at the Eureka and Fortuna sites. Family nights were held in October, December and March. The final Family Night will be held in June after graduation. At the Family Nights parents are surveyed on school climate and contentedness. The LCAP data and information is shared and feedback is gathered from families. Local resources such as FYS, TAY and College of the Redwoods EOPS representatives are in attendance to connect families with community resources. Family Night provided opportunities for families to give feedback regarding their child's program, and become more connected with teachers and support staff.

Blue Ox Mill provides students with hands-on opportunity to learn blacksmithing, lathe work, textiles, ceramics, photography and other skills as relevant to student need. Contract for use of facility and training. Typically unduplicated youth have less access to hands-on activities, this provides more opportunities for learning hands on skills. The Blue Ox provides hands on learning opportunities and job readiness skills. This is provided to offer additional assistance to our low income youth and create more opportunities for foster youth. This action was developed to increase hands on opportunities for unduplicated youth.

The Blue Ox Mill decided to not work with HCOE CCS youth during the 18-19 school year. The Blue Ox Mill Board of Directors decided to focus their efforts in community classes geared towards families and community members rather than CCS students. CCS and The Blue Ox are planning on implementing field trips to the facility to participate in scheduled workshops relevant to student interest.

LCFF

\$0

Action 13

Planned Actions/Services

Provide a satellite program in Southern Humboldt to provide youth in the southern portion of the county a school site within reasonable distance from their residence. Humboldt County is geographically large which makes it difficult for low income students to attend our other sites. The satellite program in Southern Humboldt provides a geographically more accessible to our students. Data from our referrals show that students referred from Southern Humboldt who are low income have transportation barriers. If this CCS site was not available for students, they would have to travel approximately 3 hours to access school, which makes it difficult for low income families and foster youth.

- Teacher .60 FTE
- Senior Clerk .60 FTE
- Rental of facility
- Motor Pool

Actual Actions/Services

HCOE CCS provided a satellite program in Southern Humboldt. The site primarily serves students from the Southern Humboldt School District. The Garberville Community site provides a more accessible location for our students, who would otherwise have to travel up to 3 hours to attend the nearest school.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of the actions and services were completed to support goal 1. The following actions and services were not implemented: The Blue Ox Millworks did not renew their contract with CCS. They decided to focus their efforts in a different direction. They are providing community classes rather than school-based classes.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions and services as related to the goal showed growth and improvement. A total of 64% of students earned 15 or more credits in an academic quarter. This is important for on-time graduation rates. This demonstrates that regular meetings, weekly hours/credit checks, SST meetings, and additional IEP meetings are improving this outcome for students. The students and families are regularly informed of their progress which supports their academic progress and goals.

75% of credit eligible seniors graduated. The majority of students that are referred to CCS have serious credit deficiencies. Seniors are expected to complete required coursework, a senior portfolio, and participate in job readiness skills training to earn their diploma. All seniors completed a senior portfolio that focus on college and career readiness, job exploration, college exploration, and reflection assignments.

There was an overall increase in attendance rates in the Independent Study (IS) programs. The IS programs have restructured their programs to include more seat time for the students. This has offered students more access to academic support, direct instruction, and extra-curricular opportunities.

CCS continued to provide students with the Humboldt Hydro Farm (HHF). HHF is a collaboration with American Hydroponics designed to create a hands-on learning opportunity for CCS students. HHF is a career training program designed to provide career-related instruction, hands-on work experiences, research, and opportunities for CCS students participate in a student run business. The program serves up to 25 students weekly. Currently 14 students have completed the internship program with HHF. These students learned all aspects of the HHF program and participated in the work experience program. These students gained necessary job skills and were paid for a portion of their time at HHF.

This year CCS began to offer a CTE course: Introduction to Health Occupations. This course is available to all community school students and serves court school students in the Regional Facility. This is a new course offered for high school students to explore different healthcare career and post-secondary options.

The Parent Project (PP): An intensive, 11-week parenting program focused on the most destructive adolescent behaviors, including truancy, substance abuse, and home defiance. Programs were provided in McKinleyville, Eureka, and Fortuna in the fall. Our community partners include Arcata Police Department, Northern Humboldt Union School District, Eureka High School District, Marshall Family Resource Center, Juvenile Probation, all 5 regional SARB boards, and private community members and businesses. We had approximately 65 registrants in the fall classes. We are running one additional PP in the Spring (current class, 25 registrants). This program is free to all families.

CCS is in year three of implementing a school wide PBIS system. This year we continued our casing of students who require a second tier of intervention. This is a PBIS/MTSS driven intervention that brings key staff together to problem-solve around high-risk students. We improved the process by including more staff members and adding consistent communication between the Tier Two team, teachers, and school staff. The outcome of these meetings range from increased home visits, additional service provision, overall awareness of issues, communication with off-campus service providers, and consistency in working with our student body. PBIS meetings and procedures continue to be developed and utilized. The most vibrant application of PBIS/MTSS practices is taking place in the Court Schools in coordination with the facilities. A road-trip to Placer County Alt Ed is coming up in May so that our local PBIS team can see a model program in practice and obtain ideas regarding implementation.

CCS continues to hold bi-monthly PLCs covering trauma-related topics: trauma impact on learning, adolescent suicide, behavioral plans (creating and implementing), Alcohol and Other Drug use in teens today, and CSEC for staff.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 1 B- Teacher Salaries. Estimated \$724,615. Actual \$954,453. This year we had a higher enrollment than expected, and an additional teacher was needed in the program. Due to rising cost in health and welfare benefits.

Action 1 C- Instructional Aides. Estimated \$300,795. Actual is \$483,111. An additional instructional aide was hired due to increasing enrollment. Due to rising cost in health and welfare benefits.

Action 5- SPED Teachers. Estimated \$341,795. Actual is \$265,397. CCS budgeted for an additional .50 FTE SPED Teacher. SPED numbers were down and overall enrollment was up. The .50 FTE was moved to a General Ed Teacher.

Action 7- CCS Program Manager. Estimated \$171,181. Actual \$88,480. DHHS funded .50 FTE of CCS Program Manager due to the scope of work in her SARB efforts. Her position supports overall county truancy efforts. The Program Manager position will likely continue to be funded at .50 FTE by DHHS.

Action 8 A- Student Assistance Counselor. Estimated \$84,567. Actual \$128,878. A second student assistance counselor was hired after stakeholder

input and increasing enrollment of students with high needs.

Action 10- After School Enrichment. Estimated \$4,500. Actual \$1,372. Cost for rental facility to support Coast League Basketball practices was not utilized. Practices were held on Campus due to unavailability of Basketball Building Rental.

Action 12- Blue Ox Millworks. Estimated \$10,000. Actual \$0. The Blue Ox Millworks did not renew their contract with HCOE CCS.

Action 16 A- Foster Youth Coordinator. Estimated \$109,763. Actual \$130,431. The FY Coordinator had a change in job description and duties which resulted in a reclassification. The rise in costs for retirement, Health and Welfare benefits was not taken into account for budgeting.

Action 22 A- Translators. Estimated \$500. Actual \$0. Translator services were needed but an existing staff member was utilized.

Action 22 B- Motor Pool For Translators. Estimated \$500. Actual \$0. No Motor Pool was utilized for any translators.

Action 22 C- ELPAC Training and Professional Development. Estimated \$14,000. Actual \$8,640. Training and professional development was budgeted to be higher than needed for this action.

Action 24- Humboldt Hydro Farms. Estimated \$117,615. Actual \$176,059. Due to needed upgrade, maintenance, and operational costs which exceeded this years budget.

Action 27- Maintenance of School Sites. Estimated \$128,000. Actual \$172,888. The rise in costs for retirement, Health and Welfare benefits was not taken into account for budgeting.

Action 29- Motor Pool for CCS Program. Estimated \$8,224. Actual \$21,530. CCS has 5 sites and many staff members that travel daily to multiple sites.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Action 7- CCS Program Manager. Humboldt County DHHS provided .50 FTE of the salary. The program manager provides oversight to SARB and Truancy Court. DHHS has made the commitment to support 50% of the position which provides overall county support to all districts. Many of the families are working with DHHS; SARB and Truancy Court are more resources for families to gain support.

Action 12- Blue Ox Millworks. CCS did not contract with the service provider due to a switch in their operations. They decided not to continue working with CCS and switched their focus to working with the community.

Action 32- CTE Health Career Instructor. This action was added to address the need for more CTE options in CCS. Stakeholder feedback and student interest surveys highlighted the need for more meaningful CTE options within CCS.

A new action (#33) Low Performing Block Grant. Identified students who are low-performing and not low income will receive extra pull-out support in mathematics and language arts. Student progress will be monitored.

A new action (#34) County CTE Program. Based on Stakeholder feedback and the need to support CTE programs for high school students. This action was added to support county high school programs.

A new action (#35) Connect The Brain Curriculum and Professional Development. The Dashboard data shows that HCOE CCS is in Differentiated Assistance (DA) and will utilize this curriculum in all programs. This program supports the trauma informed efforts in CCS.

A new action (#36) will consult with experienced CCS retired teacher to provide training and support for correctional officers and teachers to support CSI and DA efforts.

A new action (#37) Differentiated Assistance. HCOE CCS is in DA and will work with local experts to support efforts for students.

A new action (#38) Comprehensive Support and Improvement (CSI) HCOE CCS has been identified for high suspension numbers at Eel River Community and Von Humboldt Court School.

There were mistakes with the rollover which only affected the Goals, Actions & Services section. CDE was notified and several attempts to fix the mistakes were made but not successful. The mistakes are noted in #9 & #13. CDE was notified and it did not roll over correctly, even after a second attempt. The corrections are highlighted below. The correct measurable outcome is as follows: EXPECTED OUTCOME #9 Number of student opting to take EAP and percent receiving an exempt designation. This metric was taken out due to it not being appropriate to the students served in CCS. Expected Outcome #13 : 7 Parents will participate in SSC and LCAP development stakeholder meetings. ACTUAL OUTCOME: 5 parents participated in SSC and LCAP development stakeholder meetings. These two measurable outcomes will be fixed in the next LCAP 3 year plan.

Goal 2

Facilitate increased coordination and inter-agency collaboration of educational services in order to improve the academic achievement of Foster Youth countywide and develop the understanding of Humboldt County LEAs (charters and districts) on the laws and obligations under LCFF and AB490 and their capacity to support the education of FY in their schools.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 3, 4, 5, 10

Local Priorities: None

Annual Measurable Outcomes

Expected

Actual

85% of the LEAs will provide regular updates based on district grading periods (quarter, semester and trimester).

Due to the lack of consistent communication from the districts in providing updated educational information we developed a new process for gathering this data. This new process was developed in coordination with CWS and Probation and put into practice beginning February 2019. The new process for gather the data is generated by the up coming court dates for the FY students. So this is now a continuous process throughout the year. CWS/Probation provides the upcoming court dates 4-6 weeks out ahead of time to the FYSC staff at HCOE. We also developed a specific form (Request for Education Records Update) that is sent by the CWS/Probation education liaison staff to the district FY liaison for each specific FY student and the district liaison in turn gathers the requested information and sends it back to the education liaison at CWS/Probation and our FY data technician at HCOE (who uploads the information into Foster Focus Data System).

Expected

All 8th grade FY will be monitored for graduation to 9th grade.
All 12th grade FY will be monitored for on-time graduation.

100% of LEAs will participate in FY Educational trainings (32 K-12 LEAs).

Actual

1) There are currently 16 8th grade FY students, 5 of which are in placements outside Humboldt County. In coordination with our FYSC team (FY caseworker and FY data technician), we are monitoring their status for graduation and making sure they all have schedules in place the their 9th grade year. We coordinate this information with the the local district FY liaisons, CWS/Probation (Social workers, Probation Officers, ILS and TAY staff).

2) There are currently 10 Seniors that our FYSC team is monitoring for their graduation status. There are several FY students who have completed all their requirements and have graduated H.S. already. Of the 10 current 12th graders indications are that 1 will earn a SPED certificate (Glen Paul Student), 2 on track for graduation, 3 are off track, and 4 are still inconclusive. By the end of May 2019 we will have a better understanding of their status.

All 32 district liaisons have participated in one or more FY educational training. As of March 2019 we have provided 5 separate trainings around the county. The primary Foster & McKinney-Vento Youth Education training took place October 2018 at HCOE. This day-long cross-agency event was open to county, community, and tribal agencies as well and we had over 100 participants.

Expected

96% of the K-12 FY and NonMinor dependents will receive a hard copy letter/flyer that provides them information on their educational rights and resources to contact if they need assistance and advocacy.

Actual

To date, this has not been facilitated. The target date for the FY to receive the information informing them of the educational is April 30, 2019. At this point in time there are 325 K-12 FY and another 211 FY ages 0 - 5.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services

FY Coordinator will coordinate the Foster Focus Data System (FFDS) in Humboldt County in order to better track completion of MOU, identification and school placement in CALPADS, educational progress/outcomes, attendance and behavior/discipline records, enrollment, partial credits, and timely transfer of records.

Actual Actions/Services

FYSC Director (Coordinator) facilitated the implementation for the Foster Focus Data system and with FYSC funds, contracted the annual licencing fee with Sacramento County Office of Education (SCOE) who owns and operates the system. This is the 4th year HCOE has used this data system.

Budgeted Expenditures

See Goal 1 - Action 16

Estimated Actual Expenditures

See Goal 1 - Action 16

Action 2

Planned Actions/Services

Participate in multi-agency collaborations for FY educational services in Humboldt County through Family Intervention Team (FIT) weekly meetings, School Attendance Review Board (SARB) meetings, Student Study Team (SST) meetings, IEP/Special Education meetings, and Family Team Meetings. Case Consultations and Advocacy via Education LEA placement agency and other FY support agencies through school of origin process, immediate enrollment, timely transfer of education/health records, partial credit, participation in available enrichment/extra-curricular activities, and post-secondary application/connections.

Actual Actions/Services

1) Family Intervention Team (FIT) weekly meetings are facilitated by CWS to review selected FY case status (including educational status). HCOE/FYSC staff attend along with representatives from CWS, Probation, Mental Health, DHHS Fiscal, and Tribes. Approximately 10-25 FY are staffed each week.

2) School Attendance Review Board (SARB): There are 5 regional SARBs that meet at least one or twice a month around the county. The FYSC program receives the agendas and review for FY students and coordinates with the local district FY liaisons to make sure there is an advocate present for the FY. The HCOE/FYSC Director is a board member of the Northern Humboldt SARB and attends the monthly meetings as well.

3) The HCOE/FYSC team is

Budgeted Expenditures

and career/tech programs and in addition, will continue to be the lead on the transferring of educational information between preschool serving agencies and HCOE FYS.

Actual Actions/Services

more time before the end of the school year with representatives from Humboldt State University, College of the Redwoods, and Transition Age Youth (TAY) of DHHS, to begin to set plans for the 2019-2020 school year. The HCOE/FYSC program is now the central hub for tracking our pre-school age (ages 0-5) and assisting with the communication between CWS/Caregivers and preschool services providers (Early Start, Head Start, Changing Tides, HCOE Special Beginnings). The FYSC program manages a list of all preschool age FY (Foster Youth Data Technician). By maintaining an active list (currently over 210) we are assisting with improving the transition of the FY to appropriate educational services (SPED if qualified) and entering into TK or Kindergarten.

Budgeted Expenditures**Estimated Actual Expenditures****Action 6**

Planned Actions/Services

Provide all LEAs within Humboldt County 4 trainings annually on LCFF/AB854 and ESSA.

Actual Actions/Services

To date there have been six trainings facilitated by the HCOE/FYSC team that cover LCFF/AB 854, AB 490 and ESSA. All 32 districts liaisons have participated in one or more of these. In many cases another LEA staff member has participated as well. The dates for the trainings are: 08/10/2018, 09/20/2018, 10/05/2018, 10/19/2018, 11/09/2018, and 03/04/2019.

Action 8

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

FYS will build inter-agency collaboration and agency capacity building in supporting school stability for the foster youth. HCOE FYSC program will help facilitate a county wide MOU between the 32 LEAs, Humboldt County DHHS and Humboldt County Probation which outlines transportation assistance to keep the FY students in their school of origin.

As of March 25, 2019 the Transportation MOU is in its 10th draft. It has been reviewed and cleared by the HCOE legal and risk management team and is now in the formal review process with the county of Humboldt (DHHS & Probation). The goal is to have the MOU finalized and signed by all LEAs and the County of Humboldt by the end of June 2019 and be in place for the academic school year, 2019-2020.

Included Goal 2 - Action 7

Included Goal 1 - Action 16
Included Goal 2 - Action 7

Action 9

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Homeless Youth Caseworker and Foster Youth caseworker provide case management support services to all identified homeless and foster youth in CCS. Th HY caseworker is co-located at DHHS to support the educational liaison. The FY caseworker works closely with the requests from Juvenile court for information and delivery of necessary educational services.

For the academic year 2018-2019, our team has provided education case management and transition support services for 41 FY who have been enrolled in the HCOE Court & Community Schools and Glen Paul school (year to date). As of this date, 3/25/19, there are currently 16 FY in these programs. The FYSC staff provide ongoing education case management that includes, but not limited to: tracking education/immunization records, enrollment assistance, transition assistance (in & out of our HCOE programs, connection to higher education and employment training, to and from out of county placements, education/employment plan development, attendance at SST, SARB, IEP and FTM).

Action 10

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

This action/service was created through Stakeholder meetings and will be new for 18-19. Surveys of FY students. The surveys will be administered to FY students to measure the effectiveness and support in in the areas of academic goals. The surveys will give the FYS a measurement tool of what services are effective for FY. Also it will identify what successes can be build upon and what needs improvement. This will provide data for what additional assistance FY need.

The survey or needs assessment is in the development phase. The expectation is to have a completed survey by the end of the 2018-19 school year in order for results to help in program planning for the 2019-20 school year. We are exploring models already in use by other FYSC programs around the state. We will work in collaboration with CWS/Probation to develop the most effective methods of survey completion by the FY and then execute the surveys in the spring of 2019. The are currently 325 K-12 FY, 45 AB 12 Non-Minor Dependents, and 211 FY (ages 0-5).

See Goal 1 action 16

See Goal 1 action 16

Action 11

Planned Actions/Services

This action/service was created through Stakeholder meetings and will be new for 18-19. The FYS data technician will review

Actual Actions/Services

It became evident this year that in order HCOE/FYSC to provide meaningful technical assistance to the LEAs in regards to the

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation for goal # 2 for the 2018-19 school year has been moderately to highly successful projecting out to the end of the academic school year. The HCOE/FYSC program has accomplished a few of our major initiatives this year which we hope will show positive dividends in the upcoming years for our FY students. 1) Foster Focus data system expanded and increased its capacity to help us track and monitor FY students; 2) Completion of Title IV E Funds MOU with the County which allowed the program to expand its capacity (and budget) to support CWS/Probation, the LEAs, and FY students around the county; 3) Highly effective and involved Foster Youth Education Executive Advisory Council that has broad representation from around the county; 4) The projected needs assessments results will provide the program with valuable feedback and information in order to make adjustments and improve our program services for the 2019-2020 year. Two areas of focus that could be expanded or fully implemented: 1) completion of the the all-county Foster Youth Transportation MOU; 2) connecting the Dashboard data results to program services and supports at LEA for the FY students which will translate to increased positive academic outcomes.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions & services put into place in order to achieve goal # 2 have been overall positive. Our inter-agency collaboration between the schools, courts, county agencies, tribal agencies, and community youth serving agencies has increased and become much more effective. Our ability to assist local LEAs with building their capacity and support services for our FY students has increased (although this is a slow process). The overall awareness by the local LEAs regarding the educational rights and laws has increased significantly. Over the next year or so it also appears there may need to be some adjustments to the stated actions & services as we gain more feedback from the FY and their stakeholders as to the kinds of supports need to be added or adjusted in order to support them.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 9- Homeless Youth Casework and Foster Youth Caseworker. Estimated \$91,234. Actual \$140,404. The rise in costs for retirement, Health and Welfare Benefits was not taken into account for budgeting.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There were no significant changes to the goal #2 for the 2018-19 school year. We will continue to monitor through the end of the school year. Depending on further analysis of the Dashboard data along with the survey results from the FY, the collateral partners in the schools, placing agencies, and community, we may reevaluate and revise particular action items for the 2019-2020 school year.

Goal 3

Expelled youth that are enrolled in a HCOE CCS program will be informed of their expulsion stipulations, the requirement to return back to their district of residence and their individual progress towards that goal quarterly. Districts will become aware of policies and procedures for serving expelled youth as outlined in the county-wide expulsion plan and through on-going communication with CCS administration.

State and/or Local Priorities addressed by this goal:

State Priorities: 9

Local Priorities:

Annual Measurable Outcomes

Expected

5 expelled youth will return to their DOR upon completion of their expulsion timeline

Actual

4 expelled youth were eligible to return to their DOR.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

CCS Staff will ensure expelled youth and their parents are apprised of the requirements to return to their district of residence at enrollment, and each semester following enrollment.

CCS staff met with parents/guardians and students upon enrollment to review expulsion plans. The requirements to return to the DOR were reviewed and explained. Teachers met with the families again at semester break to monitor progress.

Included in Goal 1 - Action 1

Included in Goal 1 -Action 1

Action 2

Planned Actions/Services

Staff will meet monthly to communicate about currently enrolled expelled youth to ensure all staff are aware of who they are and their specific needs to return to the DOR.

Actual Actions/Services

At monthly site meetings staff reviewed expelled students and the requirements to return to the DOR. This is also reviewed at monthly SPED staff meetings.

Budgeted Expenditures

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Planned Actions/Services

CCS Program Manager will continue to coordinate actions and services related to all expelled youth who attend CCS to include Trauma-informed practices implementation, PBIS implementation, SARB, and Parent Project.

Actual Actions/Services

CCS Program Manager coordinated resources and services related to expelled youth. These included Trauma-informed Practices implementation, PBIS implementation, SARB coordination and the Parent Project.

Budgeted Expenditures

Included Goal 1 - Action 8

Estimated Actual Expenditures

Included Goal 1 - Action 8

Action 8

Planned Actions/Services

CCS Administrator will schedule bi-annual expulsion committee meetings to review numbers of expelled youth potentially referred to CCS and/or other local alternative programs to stay abreast of potential SPED caseload issues and develop strategies to work collaboratively to address these potential concerns.

Actual Actions/Services

CCS administrator and registrar met with individual districts to review SPED and expelled youth caseloads.

Budgeted Expenditures

Included above Goal 1 - Action 16

Estimated Actual Expenditures

Included Goal 1 - Action 16

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions and services were fully implemented.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions and services was successful in supporting goal 3. The overall expulsion referrals decreased in the 18-19 school year. In the 17-18 school year 26 students were expelled as compared to 16 this school year.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Action 5- Mileage Reimbursement for Expelled Youth. Estimated \$500. Actual \$2,513. Mileage reimbursement for expelled youth was more than budgeted for.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes to this goal, expected outcomes, metrics, and actions & services.

Stakeholder Engagement

LCAP Year: 2019-20

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Several opportunities are provided throughout the year to engage stakeholders. LCAP Annual Update Stakeholder meetings were held at multiple locations to ensure meaningful participation and access for more stakeholders. CCS has five sites, which makes it essential to hold multiple stakeholder meetings. Stakeholder meetings were held on April 10th in Eureka, April 11th in Fortuna, and April 26th in Garberville. A wide variety of county representatives and stakeholders were invited including: Department of Health and Human Services, Juvenile Probation, County Mental Health, Redwood Community Action Agency, Local Native American Tribes, Union Representatives, Department of Rehab. On April 10th an all staff stakeholder meeting was held with Court & Community School teachers, support staff, program managers and the administrator. The staff reviewed the LCAP and provided feedback regarding future goals and actions and services. Staff also completed a survey in regards to goals, actions and services. Those surveys were reviewed to identify gaps and needs in service at CCS. The public hearing was held on May 15th at the HCOE Board Room in Eureka. CCS scheduled two Family Nights on April 10th and 11th in both Eureka and Fortuna. The family nights provided an opportunity to review the LCAP annual update with parents, guardians, students and other family members. Family nights were scheduled to ensure more parent participation. These are held at night on various school campuses to maximize engagement and attendance. At these family nights dinner was provided in an effort to capture more engagement with families. The family nights provided an opportunity to review the LCAP annual update with parents, guardians, students and other family members. Parents and families were asked for feedback via surveys in regards to CCS LCAP goals. These surveys were reviewed to identify areas of improvement and actions and services that need to be added. The Program Manager engaged with families to create dialogue regarding future goals, actions and services that could be useful to support CCS students. The LCAP Annual update was shared with the School Site Council/Parent Advisory Group to gain additional feedback. LCAP-at-a-Glance brochures were shared with families. The brochure is designed to highlight LCAP goals, progress on goals, actions & services, and key expenditures to families in an easy to read format. FYS will hold an advisory council meeting on May 17th to gain stakeholder feedback.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Through stakeholder feedback CCS hired another Student Assistance Counselor to support the high needs of students. CCS has 5 sites with over 200 students enrolled. Another Student Assistance Counselor is needed to address the large geographic area that CCS serves. Stakeholder feedback also highlighted the need to continue to strengthen CTE opportunities and training for students. CCS has committed to continue working with the CTE Health Career Occupations Courses. The classes were started this year and provides hands-on, meaningful labs which explore a variety of careers in the health care field.

Increase communication with school districts to improve coordination of services and build capacity to serve foster youth.

In 2016-17, five meetings for foster youth district liaisons were held on September 16 and November 18, 2016, and January 20, March 3, and May 19, 2017.

In 2017-18, four meetings for foster youth district liaisons were held on September 15 and November 3, 2017, and January 19 and March 2, 2018, and one additional meeting is anticipated to be held on May 18, 2018.

Maintain a minimum of four meetings with foster youth district liaisons to improve communication and coordination of services.

This is a mistake in the rollover of the LCAP. CDE was notified and it did not roll over correctly, even after a second attempt. The correct measurable outcome is as follows: Expected Outcome #13: 7 Parents will participate in SSC and LCAP development stakeholder meetings. ACTUAL OUTCOME: 5 parents participated in SSC and LCAP development stakeholder meetings.

Provide all students the opportunity to utilize new technology and learn 21st century learning skills through the provision of a 21st Century learning Technician. Unduplicated youth tend to have less access to technology in the home. The majority of our unduplicated students report internet access issues at home; or limited access to needed computer skills. This provides more access, and additional assistance to obtaining needed skills for careers and college.

CCS will contract with Connect the Brain, an affiliate of Learning Keys. The program offers professional development training with future sessions to provide program observations and feedback. Teachers and support staff will be trained to utilize the Connect the Brain Curriculum. The curriculum and training is aimed at building capacity for safe work and

learning environments through trauma informed practices. They have studied how the brain works in individuals who have experienced trauma in their lives and how to build relationships that have a huge effect on the capacity to build high performing teams and organizations. The Connect the Brain Organization specializes in working with alternative education and at-risk students.

HCOE CCS has been identified to receive Comprehensive Support and Improvement (CSI). Suspension rates in Eel River CS and Von Humboldt Court School have increased. We will partner with stakeholders to develop and implement a plan for each identified school. CCS plans to: partner with stakeholders, conduct needs assessment and root cause analysis, identification/development of evidence-based interventions, strategies, and activities, use data to develop, implement, monitor, and evaluate improvement efforts.

Implementation and planned efforts:

- A. BASE Education SEL Training
- B. Connect the Brain Training
- C. Teacher Training (additional staff days for training)
- D. Experiential Incentives for Students
- E. Professional Development with Placer County Office of Education (similar programs to HCOE)
- F. CSI Coordinator to monitor program and implement with fidelity (temporary hire)

G. Carnegie Summit for training in Improvement Science

Goal 2

Facilitate increased coordination and inter-agency collaboration of educational services in order to improve the academic achievement of Foster Youth countywide and develop the understanding of Humboldt County LEAs (charters and districts) on the laws and obligations under LCFF and AB490 and their capacity to support the education of FY in their schools.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 3, 4, 5, 10

Local Priorities: None

Identified Need:

COE's are obligated to address county wide FY collaborative services to ensure FY are making progress across the county, to include CCS programs.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
--------------------	----------	---------	---------	---------

Foster Focus data and/or district attendance and discipline (suspensions and expulsions) records will be provided monthly to FY coordinator

60% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).

75% of the LEAs now provide regular updates based on district grading periods (quarter, semester and trimester).

85% of the LEAs will provide regular updates based on district grading periods (quarter, semester and trimester).

95% of the LEAs will provide regular updates based on district grading periods (quarter, semester and trimester).

Graduation rate tracking for 8th and 12th grade FY

Currently there are 15 eighth grade FY students being monitored for graduation to 9th grade and 100% are on track to graduate. There are 21 Senior FY Students being monitored and 75% are on track to graduate high school.

All 8th grade FY will be monitored for graduation to 9th grade. All 12th grade FY will be monitored for on-time graduation.

All 8th grade FY will be monitored for graduation to 9th grade. All 12th grade FY will be monitored for on-time graduation.

All 8th grade FY will be monitored for graduation to 9th grade. All 12th grade FY will be monitored for on-time graduation.

Number of districts, Foster Youth Liaisons and school staff participating in trainings.

Baseline: 100% of LEAs have participated in FY Educational trainings (32 K-12 LEAs).

17/18: 100% of LEAs have participated in FY Educational trainings (32 K-12 LEAs).

100% of LEAs will participate in FY Educational trainings (32 K-12 LEAs).

100% of LEAs will participate in FY Educational trainings (32 K-12 LEAs).

A log of materials distributed to Foster Youth regarding educational rights.

90% of the K-12 FY and NonMinor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy.

Actual: 95% of the K-12 FY and NonMinor dependents received a hard copy letter/flyer that provided them information on their educational rights and resources to contact if they need assistance and advocacy.

96% of the K-12 FY and NonMinor dependents will receive a hard copy letter/flyer that provides them information on their educational rights and resources to contact if they need assistance and advocacy.

97% of the K-12 FY and NonMinor dependents will receive a hard copy letter/flyer that provides them information on their educational rights and resources to contact if they need assistance and advocacy.

This action/service was created through Stakeholder meetings and will be new for 18-19. FYS will administer a standardized survey that our program can use to gain feedback from our partners in the schools, county/community service providers and consumers (caregivers and FY students). The survey will be administered annually and results reviewed for guidance in program changes. This will provide FYS the data to build upon success and make changes for areas of improvement. The data will provide FYS with a clear picture of what additional assistance is needed for service providers supporting FY.

Goal 3

Expelled youth that are enrolled in a HCOE CCS program will be informed of their expulsion stipulations, the requirement to return back to their district of residence and their individual progress towards that goal quarterly. Districts will become aware of policies and procedures for serving expelled youth as outlined in the county-wide expulsion plan and through on-going communication with CCS administration.

State and/or Local Priorities addressed by this goal:

State Priorities: 9

Local Priorities:

Identified Need:

HCOE serves all 7-12th grade expelled youth in the county and is obligated to ensure students understand how to return to their district of residence.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
--------------------	----------	---------	---------	---------

CALPADS records of transfers of expelled students referred to HCOE CCS.

0 expelled youth returned to their DOR by the end of first semester

5 expelled youth will return to their DOR upon completion of their expulsion timeline

5 expelled youth will return to their DOR upon completion of their expulsion timeline

5 expelled youth will return to their DOR upon completion of their expulsion timeline

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

\$857,595

Percentage to Increase or Improve Services

10.86%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

The following goals and actions are services that were provided above and beyond what is required for a Court and Community School program and have been demonstrated over time to provide additional, necessary support to low income youth which improves attendance and academic outcomes, to include graduation rates, credit completion and attendance percentages. CCS programs have over 88% enrolled students that qualify as low income. Providing additional mental health counseling, additional instructional support for low performing, low income students, offering career technical opportunities, work experience, technology instruction, incentives for good behavior, transportation to school, summer school opportunities, breakfast, after school enrichment activities and sites in communities that are remote are critical to students that are enrolled in an alternative education setting and their overall academic success. We are providing all of these additional services to all students, with the intent to ensure we are primarily directing services to our unduplicated student population.

Goal 1 Action 1 Instructional Aides \$327,200

Goal 1 Action 4 Work Experience \$25,000
 Goal 1 Action 9 Student Assistance Counselor \$36,609
 Goal 1 Action 26 Humboldt Hydro Farms \$173,883
 Goal 1 Action 9 Bus tickets/Truancy incentive program- \$33,886
 Goal 1 Action 10 Breakfast Program ERC \$28,500
 Goal 1 Action 11 Afterschool Enrichment \$4,500
 Goal 1 Action 12 Family Nights \$1,200
 Goal 1 Action 13 Blue Ox Mill \$10,000
 Goal 1 Action 14 Satellite sites- Garberville- \$116,817
 Goal 1 Action 20 PBIS incentives \$5,000
 Goal 1 Action 21 Extended school year \$33,000
 Goal 1 Action 22 21st Century Learning Technician \$62,000
 TOTAL- 857,595

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

\$675,109

Percentage to Increase or Improve Services

9.58%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

The following goals and actions are services provided above and beyond what is required for a Court and Community School program and have been demonstrated over time to provide additional, necessary support to low income youth which improves attendance and academic outcomes, to include graduation rates, credit completion and attendance percentages.
